## **Product designation**

**Reflector P-Travel** Article no. 33.103.00

#### **Product description**

Because of its reduced dimensions the P-Travel reflector is, compared to the standard reflector P70, easy to stow away resp. for use on-location. Despite of its small "size" the "light quality" has been retained. For accessories there is also a barn door with two wings available.

# Scope of delivery

Reflector P-Travel

### **Technical data**

F-stop at 2 m (6 ½ ft.),

100 ISO, 3200 J 90

Light angle approx. 55 °

Dimensions 195 x 90 mm / 7.6 x 3.5 inches

Weight 350 g / 0.7 lb

#### **Accessories**

Barn door with 2 wings to P-Travel (art. no. 33.243.00)

### **Compatibility**

Monolights Minipuls 40, 80, Minipuls C40, C80, C200

Minipuls D160

Minicom 40, 80, Minicom 40 RFS, 80 RFS

Lamps Pulso F2, F4, Primo, Pulso G,

broncolor HMI F575

#### **Application**

P-Travel can be used in the studio as well as on-location. Because of the focusing ranges of the Pulso F2, F4 and broncolor HMI F575 lamp, the illumination can be adapted to the photographer's needs of slightly centre-focused to homogen. Similar to the P70 reflector, the correspondence of flash light and modelling light is very good.
